Skills

Professional

Rigorous, organized, and reliable, I can manage efficiently several projects at once while respecting deadlines.

I can establish an optimal work schedule, in coherence with the client's demand and budget.

My strong knowledge of the video production chain allows me to have a global vision of the project, bringing to the table realistic and optimized solutions.

I combine a well-established technical baggage to a challenging creative eye, always trying to bring the best out of a project.
